## ABOUT ME

Frontend Engineer with ~1 year of hands-on experience building scalable web and mobile applications using React.js, Next.js, and modern UI frameworks. Skilled in translating business requirements into clean, responsive interfaces and integrating frontend applications with backend APIs. Experienced in startup environments, collaborating with cross-functional and remote teams to deliver production-ready solutions. Open to frontend, React, and Next.js roles(remote)

## EDUCATION

University of Education Lahore | 2022-2026

**Bachelor of Science (Information Technology)**

## WORK EXPERIENCE

### Frontend Engineer – Techsolio | 2025 – Present
